

FOOD SERVICE *Solutions*

CERTAIN STEP

- Reduces the potential for slips and falls
- Restores floor traction
- For use only on quarry tile, unglazed ceramic tile and concrete floors

CARE FOR WORK ENVIRONMENTS®

CERTAIN STEP

SAFEGUARD FORMULATION

Certain Step is designed to rehabilitate the slip resistance of specific porous floors, making your facility safer for both staff and visitors. Its robust formula works hard to eliminate organic and inorganic soils, and can be used as an effective everyday floor cleaner when diluted, making for a cost-effective, multi-functional solution. Certain Step provides one-of-a-kind results on quarry, unglazed ceramic tile and concrete floors.

APPLICATIONS

Only for use on quarry, unglazed ceramic tile or concrete floors in:

- Restaurants
- Food Processing Plants
- Grocery Store
- Locker Rooms
- Anywhere slips are common

DIRECTIONS

Daily Treatment: Dilute 2 to 4 oz. per gallon of water

Weekly Treatment: Dilute 12 oz. per gallon of water

Monthly Treatment: Dilute 48 oz. per gallon of water

The use of this product at full strength is not recommended. Test in a small inconspicuous area prior to full application. Apply product liberally, evenly and directly to floor. Leave product on the floor for five minutes to penetrate soil. Agitate with deck brush, paying special attention to grout lines and heavily soiled areas. Rinse thoroughly with clean water. When used in Federally inspected food processing areas, Certain Step must be followed by a potable water rinse. Squeegee remaining water and residue to floor drains. Use a wet/dry vacuum to pick up solution if floor drains are not available or are not in proper working order. Always inspect conditions of grout line before cleaning.

NOTE: This product was designed to etch surfaces and restore traction to quarry tile and non-finished floors. Pretest on glazed tile floors before using.

DO NOT USE ON FINISHED FLOORS, MARBLE OR TERRAZZO.

Review the label and SDS on stateindustrial.com for all product directions, precautions and first aid information.

TECHNICAL DATA

APPEARANCE: clear, colorless liquid

ODOR: mild chemical odor

pH (CONCENTRATED): <2.0

DENSITY: 8.6 LBS/GAL

SHELF LIFE: two years
